Semi-controlled Mosaic of Phoebe

Sp 1M SMN, 2006

NORTH POLAR REGION

Polar Stereographic Projection

SCALE 1:631,372 (1 mm = 0.631372 km) at 90° latitude

0 10 20 30km

Map sheet designation

Sp Phoebe (Saturnian satellite)
1M Scale 1:1,000,000
SMN Semi-controlled Mosaic with Nomenclature

Image processing

- Radiometric correction
- Geometric correction
- Photogrammetric adjustment of the pointing data using Limb-fitting techniques [3]
- Map projection
- Image mosaicking

Map projection

From -90° to -55° latitude:
Stereographic projection centered at -90° latitude
Map Scale at -90°: 1:631,372

From -57° to 57° latitude:
Mercator projection centered at 0° latitude, 0° West longitude
Map Scale at 0°: 1:1,000,000

From 55° to 90° latitude
Stereographic projection centered at 90° latitude
Map Scale at 90°: 1:631,372

Adopted figure: Sphere
Radius: 106.8 km

Grid system:
Planetocentric latitude, West longitude
